Department of Recreational Sports | Intramural Sports
2018-19 Tennis Singles Information Sheet

Thank you for being a part of one of the best intramural programs in the nation. We are proud to offer a variety of quality intramural activities. Good luck and we hope you have a fun and exciting season!

If you have questions throughout the season, please feel free to contact us by calling our office (540-231-8297), emailing imsports@vt.edu, stopping by our office in 135 War Memorial Hall or consulting our Participant Policy and Procedure Manual.

Rules of the Game

1. Equipment and Location
   a. Players are responsible for providing their own equipment.
   b. Participants may choose to agree to play the match at any tennis court. Courts are available at the following locations:
      i. Washington Street, located next to Hahn Hurst Practice Center.
      ii. South Recreation Area, located on Research Center Drive.

2. The Game
   a. The first player to win six games wins that set, provided there is a margin of two games over their opponent.
   b. If the score reaches six games all, a tie-break shall be played.
      i. A 9-point tie-breaker will decide the winner. The first player to win 5 points wins the tie-breaker and the set.
   c. A match consists of the best two out of three sets.
   d. Before starting play, the opposing players shall toss a coin or spin the racket. The winner shall have the option of: serving, receiving or choosing side of court.

3. Changing Sides
   a. Players change sides of court at the end of the first, third, and every subsequent odd game of each set.
   b. The players shall also change ends at the end of each set unless the total number of games in that set is even, in which case the players change ends at the end of the first game of the next set.

4. Scoring
   a. A game is scored as follows with the server’s score being called first:
      i. No point  Love
      ii. First point  15
      iii. Second point  30
      iv. Third point  40
      v. Fourth point  Game
   b. If each player has won three points, the score is “deuce”. After deuce, the score is “advantage” for the player who wins the next point.
      i. If that same player also wins the next point, that player wins the “Game”.
      ii. If the opposing player wins the next point, the score is again deuce.
      iii. A player needs to win two consecutive points immediately after deuce to win the game.
   c. If a ball touches a line, it is considered to be the same as hitting the space inside that line.
5. Serving
a. The server will remain the same for one complete game of a set at a time including tie-breakers as necessary.
b. The server shall stand behind alternate halves of the court between the midline and the singles sideline, starting from the right half of the court in every game.
c. The server shall release the ball by hand in and direction and hit the ball with the racket before the ball hits the ground. The service motion is completed at the moment that the player’s racket hits or misses the ball.
d. The service shall pass over the net and hit the service court diagonally opposite, before the opposing player returns it.
   i. Players must let the service hit the ground or they automatically lose the point. Either player may hit the ball before it bounces on their side of the court during the ensuing rally after the service is complete.
e. The server has two attempts to put the ball into play. This does not count a tossed ball that is allowed to land with no attempt made on the ball.
f. The serve is a fault under the following conditions:
   i. Foot fault – Stepping outside of the service area or stepping on or over the baseline.
   ii. Missing the ball when trying to hit it.
   iii. The service fails to pass over the net and hit the service court diagonally opposite.
      1. If any of these occur on the first service, it is a fault.
      2. If any of these occur on both serves, it is a double fault, and the point is lost.

6. The Let
a. In all cases when a let is called, except when a service let is called on a second service, the whole point shall be replayed. (Ex: A ball rolls onto the court during play)
b. A service let occurs when the ball served touches any part of the net, and is otherwise good.
   i. The ball is in play if it hits the net during the subsequent rally after the service.
c. In the case of a service let, that particular service shall not count, and the server shall serve again, but a service let does not cancel a previous fault.

7. Player Loses Point
a. Two consecutive faults.
b. The player does not return the ball in play before it bounces twice.
c. The ball is hit twice while on their side of the court.
d. The player returns the ball so that it hits the ground outside of the correct court.
e. The player hits the ball before it passed the net.
f. If a player’s body, clothing, or racket touch the net while the ball is in play.
